SUBCHAPTER II — ASSISTANCE FOR EDUCATION OF ALL HANDICAPPED CHILDREN

§ 1411. Entitlements and Allocations

(a) Formula for determining maximum State entitlement

(1) Except as provided in paragraph (3) and in section 1419 of this title, the maximum amount of the grant to which a State is entitled under this subchapter for any fiscal year shall be equal to—

(A) the number of handicapped children aged three to twenty-one, inclusive, in such State who are receiving special education and related services;

multiplied by—

(B)(i) 5 per centum, for the fiscal year ending September 30, 1978, of the average per pupil expenditure in public elementary and secondary schools in the United States;

(ii) 10 per centum, for the fiscal year ending September 30, 1979, of the average per pupil expenditure in public elementary and secondary schools in the United States;

(iii) 20 per centum, for the fiscal year ending September 30, 1980, of the average per pupil expenditure in public elementary and secondary schools in the United States;

(iv) 30 per centum, for the fiscal year ending September 30, 1981, of the average per pupil expenditure in public elementary and secondary schools in the United States; and

(v) 40 per centum, for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, of the average per pupil expenditure in public elementary and secondary schools in the United States;

except that no State shall receive an amount which is less than the amount which such State received under this subchapter for the fiscal year ending September 30, 1977.

(2) For the purpose of this subsection and subsection (b) through subsection (e) of this section, the term "State" does not include Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(3) The number of handicapped children receiving special education and related services in any fiscal year shall be equal to number of such children receiving special education and related services on December 1 of the fiscal year preceding the fiscal year for which the determination is made.

(4) For purposes of paragraph (1)(B), the term "average per pupil expenditure", in the United States, means the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made (or, if satisfactory data for such year are not available at the time of computation, then during the most recent preceding fiscal year for which satisfactory data are available) of all local educational agencies in the United States (which, for purposes of this subsection, means the fifty States and the District of Columbia), as the case may be, plus any direct expenditures by the State for operation of such agencies (without regard to the source

of funds from which either of such expenditures are made), divided by the aggregate number of children in average daily attendance to whom such agencies provided free public education during such preceding year.

(5)(A) In determining the allotment of each State under paragraph (1), the Secretary may not count—

(i) handicapped children in such State under paragraph (1)(A) to the extent the number of such children is greater than 12 per centum of the number of all children aged five to seventeen, inclusive, in such State; and

(ii) handicapped children who are counted under section 241c-1 of this title.

(B) For purposes of subparagraph (A), the number of children aged five to seventeen, inclusive, in any State shall be determined by the Secretary on the basis of the most recent satisfactory data available to him.

(b) Distribution and use of grant funds by States for fiscal year ending September 30, 1978

(1) Of the funds received under subsection (a) of this section by any State for the fiscal year ending September 30, 1978—

(A) 50 per centum of such funds may be used by such State in accordance with the provisions of paragraph (2); and

(B) 50 per centum of such funds shall be distributed by such State pursuant to subsection (d) of this section to local educational agencies and intermediate educational units in such State, for use in accordance with the priorities established under section 1412(3) of this title.

(2) Of the funds which any State may use under paragraph (1)(A)—

(A) an amount which is equal to the greater of—

(i) 5 per centum of the total amount of funds received under this subchapter by such State; or

(ii) $200,000;

may be used by such State for administrative costs related to carrying out sections 1412 and 1413 of this title;

(B) the remainder shall be used by such State to provide support services and direct services, in accordance with the priorities established under section 1412(3) of this title.

(c) Distribution and use of grant funds by States for fiscal years ending September 30, 1979, and thereafter

(1) Of the funds received under subsection (a) of this section by any State for the fiscal year ending September 30, 1979, and for each fiscal year thereafter—

(A) 25 per centum of such funds may be used by such State in accordance with the provisions of paragraph (2); and

(B) except as provided in paragraph (3), 75 per centum of such funds shall be distributed by such State pursuant to subsection (d) of this section to local educational agencies and intermediate educational units in such State, for use in accordance with priorities established under section 1412(3) of this title.

(2)(A) Subject to the provisions of subparagraph (B), of the funds which any State may use under paragraph (1)(A)—

(i) an amount which is equal to the greater of—

(I) 5 per centum of the total amount of funds received under this subchapter by such State; or

(II) $300,000;

may be used by such State for administrative costs related to carrying out the provisions of sections 1412 and 1413 of this title; and

(ii) the remainder shall be used by such State to provide support services and direct services, in accordance with the priorities established under section 1412(3) of this title.

(B) The amount expended by any State from the funds available to such State under paragraph (1)(A) in any fiscal year for the provisions of support services or for the provision of direct services shall be matched on a program basis by such State, from funds other than Federal funds, for the provision of support services or for the provision of direct services for the fiscal year involved.

(3) The provisions of section 1413(a)(9) of this title shall not apply with respect to amounts available for use by any State under paragraph (2).

(4)(A) No funds shall be distributed by any State under this subsection in any fiscal year to any local educational agency or intermediate educational unit in such State if—

(i) such local educational agency or intermediate educational unit is entitled, under subsection (d) of this section, to less than $7,500 for such fiscal year; or

(ii) such local educational agency or intermediate educational unit has not submitted an application for such funds which meets the requirements of section 1414 of this title.

(B) Whenever the provisions of subparagraph (A) apply, the State involved shall use such funds to assure the provision of

a free appropriate education to handicapped children residing in the area served by such local educational agency or such intermediate educational unit. The provisions of paragraph (2)(B) shall not apply to the use of such funds.

(d) Allocation of funds within States to local educational agencies and intermediate educational units

From the total amount of funds available to local educational agencies and intermediate educational units in any State under subsection (b)(1)(B) or subsection (c)(1)(B) of this section, as the case may be, each local educational agency or intermediate educational unit shall be entitled to an amount which bears the same ratio to the total amount available under subsection (b)(1)(B) or subsection (c)(1)(B) of this section, as the case may be, as the number of handicapped children aged three to twenty-one, inclusive, receiving special education and related services in such local educational agency or intermediate educational unit bears to the aggregate number of handicapped children aged three to twenty-one, inclusive, receiving special education and related services in all local educational agencies and intermediate educational units which apply to the State educational agency involved for funds under this subchapter.

(e) Territories and possessions

(1) The jurisdictions to which this subsection applies are Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(2) Each jurisdiction to which this subsection applies shall be entitled to a grant for the purpose set forth in section 1400(c) of this title in an amount equal to an amount determined by the Secretary in accordance with criteria based on respective

needs, except that the aggregate of the amount to which such jurisdictions are so entitled for any fiscal year shall not exceed an amount equal to 1 per centum of the aggregate of the amounts available to all States under this subchapter for that fiscal year. If the aggregate of the amounts, determined by the Secretary pursuant to the preceding sentence, to be so needed for any fiscal year exceeds an amount equal to such 1 per centum limitation, the entitlement of each such jurisdiction shall be reduced proportionately until such aggregate does not exceed such 1 per centum limitation.

(3) The amount expended for administration by each jurisdiction under this subsection shall not exceed 5 per centum of the amount allotted to such jurisdiction for any fiscal year, or $35,000, whichever is greater.

(f) Indian reservations

(1) The Secretary is authorized to make payments to the Secretary of the Interior according to the need for such assistance for the education of handicapped children on reservations serviced by elementary and secondary schools operated for Indian children by the Department of the Interior. The amount of such payment for any fiscal year shall not exceed 1 per centum of the aggregate amounts available to all States under this subchapter for that fiscal year.

(2) The Secretary of the Interior may receive an allotment under this subsection only after submitting to the Secretary an application which meets the applicable requirements of section 1414(a) of this title and which is approved by the Secretary. The provisions of section 1416 of this title shall apply to any such application.

(g) Reductions or increases

(1) If the sums appropriated for any fiscal year for making payments to States under this subchapter are not sufficient to pay in full the total amounts which all States are entitled to receive under this subchapter for such fiscal year, the maximum amounts which all States are entitled to receive under this subchapter for such fiscal year shall be ratably reduced. In case additional funds become available for making such payments for any fiscal year during which the preceding sentence is applicable, such reduced amounts shall be increased on the same basis as they were reduced.

(2) In the case of any fiscal year in which the maximum amounts for which States are eligible have been reduced under the first sentence of paragraph (1), and in which additional funds have not been made available to pay in full the total of such maximum amounts under the last sentence of such paragraph, the State educational agency shall fix dates before which each local educational agency or intermediate educational unit shall report to the State educational agency on the amount of funds available to the local educational agency or intermediate educational unit, under the provisions of subsection (d) of this section, which it estimates that it will expend in accordance with the provisions of this subchapter. The amounts so available to any local educational agency or intermediate educational unit, or any amount which would be available to any other local educational agency or intermediate educational unit if it were to submit a program meeting the requirements of this subchapter, which the State educational agency determines will not be used for the period of its availability, shall be available for allocation to those local educational agencies or intermediate educational units, in the manner provided by this section, which the State educational agency determines will need and be able to use additional funds to carry out approved programs.

. . . . . .

§ 1412. Eligibility requirements

In order to qualify for assistance under this subchapter in any fiscal year, a State shall demonstrate to the Secretary that the following conditions are met:

(1) The State has in effect a policy that assures all handicapped children the right to a free appropriate public education.

(2) The State has developed a plan pursuant to section 1413(b) of this title in effect prior to November 29, 1975, and submitted not later than August 21, 1975, which will be amended so as to comply with the provisions of this paragraph. Each such amended plan shall set forth in detail the policies and procedures which the State will undertake or has undertaken in order to assure that—

(A) there is established (i) a goal of providing full educational opportunity to all handicapped children, (ii) a detailed timetable for accomplishing such a goal, and (iii) a description of the kind and number of facilities, personnel, and services necessary throughout the State to meet such a goal;

(B) a free appropriate public education will be available for all handicapped children between the ages of three and eighteen within the State not later than September 1, 1978, and for all handicapped children between the ages of three and twenty-one within the State not later than September 1, 1980, except that, with respect to handicapped children aged three to five and aged eighteen to twenty-one, inclusive, the requirements of this clause shall not be applied in any State if the application of such requirements would be inconsistent with State law or practice, or the order of any court, respecting public education within such age groups in the State;

(C) all children residing in the State who are handicapped, regardless of the severity of their handicap, and who are in need of special education and related services are identified, located, and evaluated, and that a practical method is developed and implemented to determine which children are currently receiving needed special education and related services and which children are not currently receiving needed special education and related services;

(D) policies and procedures are established in accordance with detailed criteria prescribed under section 1417(c) of this title; and

(E) the amendment to the plan submitted by the State required by this section shall be available to parents, guardians, and other members of the general public at least thirty days prior to the date of submission of the amendment to the Secretary.

(3) The State has established priorities for providing a free appropriate public education to all handicapped children, which priorities shall meet the timetables set forth in clause (B) of paragraph (2) of this section, first with respect to handicapped children who are not receiving an education, and second with respect to handicapped children, within each disability, with the most severe handicaps who are receiving an inadequate education, and has made adequate progress in meeting the timetables set forth in clause (B) of paragraph (2) of this section.

(4) Each local educational agency in the State will maintain records of the individualized education program for each handicapped child, and such program shall be established, reviewed, and revised as provided in section 1414(a)(5) of this title.

(5) The State has established (A) procedural safeguards as required by section 1415 of this title, (B) procedures to assure

that, to the maximum extent appropriate, handicapped children, including children in public or private institutions or other care facilities, are educated with children who are not handicapped, and that special classes, separate schooling, or other removal of handicapped children from the regular educational environment occurs only when the nature or severity of the handicap is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily, and (C) procedures to assure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of handicapped children will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(6) The State educational agency shall be responsible for assuring that the requirements of this subchapter are carried out and that all educational programs for handicapped children within the State, including all such programs administered by any other State or local agency, will be under the general supervision of the persons responsible for educational programs for handicapped children in the State educational agency and shall meet education standards of the State educational agency.

(7) The State shall assure that (A) in carrying out the requirements of this section procedures are established for consultation with individuals involved in or concerned with the education of handicapped children, including handicapped individuals and parents or guardians of handicapped children, and (B) there are public hearings, adequate notice of such hearings, and an opportunity for comment available to the general public prior to adoption of the policies, programs, and procedures required pursuant to the provisions of this section and section 1413 of this title.

. . . . . .

(A) provide that all children residing within the jurisdiction of the local educational agency or the intermediate educational unit who are handicapped, regardless of the severity of their handicap, and are in need of special education and related services will be identified, located, and evaluated, and provide for the inclusion of a practical method of determining which children are currently receiving needed special education and related services and which children are not currently receiving such education and services;

which, taken as a whole, are at least comparable to services being provided in areas of such jurisdiction which are not receiving funds under this subchapter;

(3)(A) provide for furnishing such information (which, in the case of reports relating to performance, is in accordance with specific performance criteria related to program objectives), as may be necessary to enable the State educational agency to perform its duties under this subchapter, including information relating to the educational achievement of handicapped children participating in programs carried out under this subchapter; and

(B) provide for keeping such records, and provide for affording such access to such records, as the State educational agency may find necessary to assure the correctness and verification of such information furnished under subclause (A);

(4) provide for making the application and all pertinent documents related to such application available to parents, guardians, and other members of the general public, and provide that all evaluations and reports required under clause (3) shall be public information;

(6) provide satisfactory assurance that policies and programs established and administered by the local educational agency or intermediate educational unit shall be consistent with the provisions of paragraph (1) through paragraph (7) of section 1412 and section 1413(a) of this title; and

(7) provide satisfactory assurance that the local educational agency or intermediate educational unit will establish and maintain procedural safeguards in accordance with the provisions of sections 1412(5)(B), 1412(5)(C), and 1415 of this title.

(b) Approval by State educational agencies of applications submitted by local educational agencies or intermediate educational units; notice and hearing

(1) A State educational agency shall approve any application submitted by a local educational agency or an intermediate educational unit under subsection (a) of this section if the State educational agency determines that such application meets the requirements of subsection (a) of this section, except that no such application may be approved until the State plan submitted by such State educational agency under subsection (a) of this section is approved by the Secretary under section 1413(c) of this title. A State educational agency shall disapprove any application submitted by a local educational agency or an intermediate educational unit under subsection (a) of this section if the State educational agency determines that such application does not meet the requirements of subsection (a) of this section.

(2)(A) Whenever a State educational agency, after reasonable notice and opportunity for a hearing, finds that a local educational agency or an intermediate educational unit, in the administration of an application approved by the State educational agency under paragraph (1), has failed to comply with any requirement set forth in such application, the State educational agency, after giving appropriate notice to the local educational agency or the intermediate educational unit, shall—

(i) make no further payments to such local educational agency or such intermediate educational unit under sec-

tion 1420 of this title until the State educational agency is satisfied that there is no longer any failure to comply with the requirement involved; or

(ii) take such finding into account in its review of any application made by such local educational agency or such intermediate educational unit under subsection (a) of this section.

(B) The provisions of the last sentence of section 1416(a) of this title shall apply to any local educational agency or any intermediate educational unit receiving any notification from a State educational agency under this paragraph.

(3) In carrying out its functions under paragraph (1), each State educational agency shall consider any decision made pursuant to a hearing held under section 1415 of this title which is adverse to the local educational agency or intermediate educational unit involved in such decision.

(c) Consolidated applications

(1) A State educational agency may, for purposes of the consideration and approval of applications under this section, require local educational agencies to submit a consolidated application for payments if such State educational agency determines that any individual application submitted by any such local educational agency will be disapproved because such local educational agency is ineligible to receive payments because of the application of section 1411(c)(4)(A)(i) of this title or such local educational agency would be unable to establish and maintain programs of sufficient size and scope to effectively meet the educational needs of handicapped children.

(2)(A) In any case in which a consolidated application of local educational agencies is approved by a State educational agency under paragraph (1), the payments which such local

educational agencies may receive shall be equal to the sum of payments to which each such local educational agency would be entitled under section 1411(d) of this title if an individual application of any such local educational agency had been approved.

(B) The State educational agency shall prescribe rules and regulations with respect to consolidated applications submitted under this subsection which are consistent with the provisions of paragraph (1) through paragraph (7) of section 1412 and section 1413(a) of this title and which provide participating local educational agencies with joint responsibilities for implementing programs receiving payments under this subchapter.

(C) In any case in which an intermediate educational unit is required pursuant to State law to carry out the provisions of this subchapter, the joint responsibilities given to local educational agencies under subparagraph (B) shall not apply to the administration and disbursement of any payments received by such intermediate educational unit. Such responsibilities shall be carried out exclusively by such intermediate educational unit.

(d) Special education and related services provided directly by State educational agencies; regional or State centers

Whenever a State educational agency determines that a local educational agency—

(1) is unable or unwilling to establish and maintain programs of free appropriate public education which meet the requirements established in subsection (a) of this section;

(2) is unable or unwilling to be consolidated with other local educational agencies in order to establish and maintain such programs; or

(3) has one or more handicapped children who can best be served by a regional or State center designed to meet the needs of such children;

the State educational agency shall use the payments which would have been available to such local educational agency to provide special education and related services directly to handicapped children residing in the area served by such local educational agency. The State educational agency may provide such education and services in such manner, and at such locations (including regional or State centers), as it considers appropriate, except that the manner in which such education and services are provided shall be consistent with the requirements of the subchapter.

(e) Reallocation of funds

Whenever a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all handicapped children residing in the area served by such agency with State and local funds otherwise available to such agency, the State educational agency may reallocate funds (or such portion of those funds as may not be required to provide such education and services) made available to such agency, pursuant to section 1411(d) of this title, to such other local educational agencies within the State as are not adequately providing special education and related services to all handicapped children residing in the areas served by such other local educational agencies.

(f) Programs using State or local funds

Notwithstanding the provisions of subsection (a)(2)(B)(ii) of this section, any local educational agency which is required

to carry out any program for the education of handicapped children pursuant to a State law shall be entitled to receive payments under section 1411(d) of this title for use in carrying out such program, except that such payments may not be used to reduce the level of expenditures for such program made by such local educational agency from State or local funds below the level of such expenditures for the fiscal year prior to the fiscal year for which such local educational agency seeks such payments.

. . . . . .

§ 1415. Procedural safeguards

(a) Establishment and maintenance

Any State educational agency, any local educational agency, and any intermediate educational unit which receives assistance under this subchapter shall establish and maintain procedures in accordance with subsection (b) through subsection (e) of this section to assure that handicapped children and their parents or guardians are guaranteed procedural safeguards with respect to the provision of free appropriate public education by such agencies and units.

(b) Required procedures; hearing

(1) The procedures required by this section shall include, but shall not be limited to—

> (A) an opportunity for the parents or guardian of a handicapped child to examine all relevant records with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to such child, and to obtain an independent educational evaluation of the child;

(B) procedures to protect the rights of the child whenever the parents or guardian of the child are not known, unavailable, or the child is a ward of the State, including the assignment of an individual (who shall not be an employee of the State educational agency, local educational agency, or intermediate educational unit involved in the education or care of the child) to act as a surrogate for the parents or guardian;

(C) written prior notice to the parents or guardian of the child whenever such agency or unit—

(i) proposes to initiate or change, or

(ii) refuses to initiate or change,

the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child;

(D) procedures designed to assure that the notice required by clause (C) fully inform the parents or guardian, in the parents' or guardian's native language, unless it clearly is not feasible to do so, of all procedures available pursuant to this section; and

(E) an opportunity to present complaints with respect to any matter relating to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to such child.

(2) Whenever a complaint has been received under paragraph (1) of this subsection, the parents or guardian shall have an opportunity for an impartial due process hearing which shall be conducted by the State educational agency or by the local educational agency or intermediate educational unit, as determined by State law or by the State educational agency. No hearing conducted pursuant to the requirements of this paragraph shall be conducted by an employee of such agency or unit involved in the education or care of the child.

(c) Review of local decision by State educational agency

If the hearing required in paragraph (2) of subsection (b) of this section is conducted by a local educational agency or an intermediate educational unit, any party aggrieved by the findings and decision rendered in such a hearing may appeal to the State educational agency which shall conduct an impartial review of such hearing. The officer conducting such review shall make an independent decision upon completion of such review.

(d) Enumeration of rights accorded parties to hearings

Any party to any hearing conducted pursuant to subsections (b) and (c) of this section shall be accorded (1) the right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of handicapped children, (2) the right to present evidence and confront, cross-examine, and compel the attendance of witnesses, (3) the right to a written or electronic verbatim record of such hearing, and (4) the right to written findings of fact and decisions (which findings and decisions shall also be transmitted to the advisory panel established pursuant to section 1413(a)(12) of this title).

(e) Civil action; jurisdiction

(1) A decision made in a hearing conducted pursuant to paragraph (2) of subsection (b) of this section shall be final, except that any party involved in such hearing may appeal such decision under the provisions of subsection (c) and paragraph (2) of this subsection. A decision made under subsection (c) of this section shall be final, except that any party may bring an action under paragraph (2) of this subsection.

(2) Any party aggrieved by the findings and decision made under subsection (b) of this section who does not have the right to an appeal under subsection (c) of this section, and any party aggrieved by the findings and decision under subsection (c) of this section, shall have the right to bring a civil action with respect to the complaint presented pursuant to this section, which action may be brought in any State court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy. In any action brought under this paragraph the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate.

(3) During the pendency of any proceedings conducted pursuant to this section, unless the State or local educational agency and the parents or guardian otherwise agree, the child shall remain in the then current educational placement of such child, or, if applying for initial admission to a public school, shall, with the consent of the parents or guardian, be placed in the public school program until all such proceedings have been completed.

(4) The district courts of the United States shall have jurisdiction of actions brought under this subsection without regard to the amount in controversy.

. . . . . .

§ 1416. Withholding of payments

(a) Failure to comply with this subchapter; limitations; public notice

Whenever the Secretary, after reasonable notice and opportunity for hearing to the State educational agency involved

(and to any local educational agency or intermediate educational unit affected by any failure described in clause (2)), finds—

(1) that there has been a failure to comply substantially with any provision of section 1412 or section 1413 of this title, or

(2) that in the administration of the State plan there is a failure to comply with any provision of this subchapter or with any requirements set forth in the application of a local educational agency or intermediate educational unit aproved by the State educational agency pursuant to the State plan,

the Secretary (A) shall, after notifying the State educational agency, withhold any further payments to the State under this subchapter, and (B) may, after notifying the State educational agency, withhold further payments to the State under the Federal programs specified in section 1413(a)(2) of this title within his jurisdiction, to the extent that funds under such programs are available for the provision of assistance for the education of handicapped children. If the Secretary withholds further payments under clause (A) or clause (B) he may determine that such withholding will be limited to programs or projects under the State plan, or portions thereof, affected by the failure, or that the State educational agency shall not make further payments under this subchapter to specified local educational agencies or intermediate educational units affected by the failure. Until the Secretary is satisfied that there is no longer any failure to comply with the provisions of this subchapter, as specified in clause (1) or clause (2), no further payments shall be made to the State under this subchapter or under the Federal programs specified in section 1413(a)(2) of this title within his jurisdiction to the extent that funds under such programs are available for the provision of assistance for the education of handicapped children, or payments by the State educational

agency under this subchapter shall be limited to local educational agencies and intermediate educational units whose actions did not cause or were not involved in the failure, as the case may be. Any State educational agency, local educational agency, or intermediate educational unit in receipt of a notice pursuant to the first sentence of this subsection shall, by means of a public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency or unit.

(b) Judicial review

(1) If any State is dissatisfied with the Secretary's final action with respect to its State plan submitted under section 1413 of this title, such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28.

(2) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(3) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

FREE APPROPRIATE PUBLIC EDUCATION

§ 300.300 Timeliness for free appropriate public education.

(a) *General.* Each State shall insure that free appropriate public education is available to all handicapped children aged three through eighteen within the State not later than September 1, 1978, and to all handicapped children aged three through twenty-one within the State not later than September 1, 1980

(b) *Age ranges 3-5 and 18-21.* This paragraph provides rules for applying the requirement in paragraph (a) of this section to handicapped children aged three, four, five, eighteen, nineteen, twenty, and twenty-one:

(1) If State law or a court order requires the State to provide education for handicapped children in any disability category in any of these age groups, the State must make a free appropriate public education available to all handicapped children of the same age who have that disability.

(2) If a public agency provides education to non-handicapped children in any of these age groups, it must make a free appropriate public education available to at least a proportionate number of handicapped children of the same age.

(3) If a public agency provides education to 50 percent or more of its handicapped children in any disability category in any of these age groups, it must make a free appropriate public education available to all of its handicapped children of the same age who have that disability.

(4) If a public agency provides education to a handicapped child in any of these age groups, it must make a free appropriate public education available to that child and provide that child and his or her parents all of the rights under Part B of the Act and this part.

(5) A State is not required to make a free appropriate public education available to a handicapped child in one of these age groups if:

(i) State law expressly prohibits, or does not authorize, the expenditure of public funds to provide education to nonhandicapped children in that age group; or

(ii) The requirement is inconsistent with a court order which governs the provision of free public education to handicapped children in that State.

. . . . . .

§ 300.343 Meetings.

(a) *General.* Each public agency is responsible for initiating and conducting meetings for the purpose of developing, reviewing, and revising a handicapped child's individualized education program.

(b) *Handicapped children currently served.* If the public agency has determined that a handicapped child will receive special education during school year 1977-1978, a meeting must be held early enough to insure that an individualized education program is developed by October 1, 1977.

(c) *Other handicapped children.* For a handicapped child who is not included under paragraph (b) of this action, a

meeting must be held within thirty calendar days of a determination that the child needs special education and related services.

(d) *Review*. Each public agency shall initiate and conduct meetings to periodically review each child's individualized education program and if appropriate revise its provisions. A meeting must be held for this purpose at least once a year.

. . . . . .

§ 300.347 Private school placements.

(a) *Developing individualized education programs*. (1) Before a public agency places a handicapped child in, or refers a child to, a private school or facility, the agency shall initiate and conduct a meeting to develop an individualized education program for the child in accordance with § 300.343.

(2) The agency shall insure that a representative of the private school facility attends the meeting. If the representative cannot attend, the agency shall use other methods to insure participation by the private school or facility, including individual or conference telephone calls.

(3) The public agency shall also develop an individualized educational program for each handicapped child who was placed in a private school or facility by the agency before the effective date of these regulations.

(b) *Reviewing and revising individualized education programs*. (1) After a handicapped child enters a private school or facility, any meetings to review and revise the child's individualized education program may be initiated and conducted by the private school or facility at the discretion of the public agency.

(2) If the private school or facility initiates and conducts these meetings, the public agency shall insure that the parents and an agency representative:

(i) Are involved in any decision about the child's individualized education program; and

(ii) Agree to any proposed changes in the program before those changes are implemented.

(c) *Responsibility*. Even if a private school or facility implements a child's individualized education program, responsibility for compliance with this part remains with the public agency and the State educational agency.

. . . . . .

§ 300.403 Placement of children by parents.

(a) If a handicapped child has available a free appropriate public education and the parents choose to place the child in a private school or facility, the public agency is not required by this part to pay for the child's education at the private school or facility. However, the public agency shall make services available to the child as provided under §§ 300.450-300.460.

(b) Disagreements between a parent and a public agency regarding the availability of a program appropriate for the child, and the question of financial responsibility, are subject to the due process procedures under §§ 300.500-300.514 of Subpart E.

. . . . . .

§ 300.452 Local educational agency responsibility.

(a) Each local educational agency shall provide special education and related services designed to meet the needs of private school handicapped children residing in the jurisdiction of the agency.

§ 300.503 Independent educational evaluation.

(a) *General.* (1) The parents of a handicapped child have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section.

(2) Each public agency shall provide to parents, on request, information about where an independent educational evaluation may be obtained.

(3) For the purposes of this part:

(i) "Independent educational evaluation" means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question.

(ii) "Public expense" means that the public agency either pays for the full cost of the evaluation or insurers that the evaluation is otherwise provided at no cost to the parent, consistent with § 300.301 of Subpart C.

(b) *Parent right to evaluation at public expense.* A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency. However, the public agency may initiate a hearing under § 300.506 of this subpart to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(c) *Parent initiated evaluations.* If the parent obtains an independent educational evaluation at private expense, the results of the evaluation:

(1) Must be considered by the public agency in any decision made with respect to the provision of a free appropriate public education to the child, and

(2) May be presented as evidence at a hearing under this subpart regarding that child.

(d) *Requests for evaluations by hearing officers.* If a hearing officer requests an independent educational evaluation as part of a hearing, the cost of the evaluation must be at public expense.

(e) *Agency criteria.* Whenever an independent evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria which the public agency uses when it initiates an evaluation.

§ 300.504 Prior notice; parent consent.

(a) *Notice.* Written notice which meets the requirements under § 300.505 must be given to the parents of a handicapped child a reasonable time before the public agency:

(1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child, or

(2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

(b) *Consent.* (1) Parental consent must be obtained before:

(i) Conducting a preplacement evaluation; and

(ii) Initial placement of a handicapped child in a program providing special education and related services.

(2) Except for preplacement evaluation and initial placement, consent may not be required as a condition of any benefit to the parent or child.

(c) *Procedures where parent refuses consent.* (1) Where State law requires parental consent before a handicapped child is evaluated or initially provided special education and related services, State procedures govern the public agency in overriding a parent's refusal to consent.

(2) (i) Where there is no State law requiring consent before a handicapped child is evaluated or initially provided special education and related services, the public agency may use the

hearing procedures in §§ 300.506-300.508 to determine if the child may be evaluated or initially provided special education and related services without parental consent.

(ii) If the hearing officer upholds the agency, the agency may evaluate or initially provide special education and related services to the child without the parent's consent, subject to the parent's rights under §§ 300.510-300.513.

. . . . . .

PROTECTION IN EVALUATION PROCEDURES

§ 300.530 General.

(a) Each State educational agency shall insure that each public agency establishes and implements procedures which meet the requirements of §§ 300.530-300.534.

(b) Testing and evaluation materials and procedures used for the purposes of evaluation and placement of handicapped children must be selected and administered so as not to be racially or culturally discriminatory.

§ 300.531 Preplacement evaluation.

Before any action is taken with respect to the initial placement of a handicapped child in a special education program, a full and individual evaluation of the child's educational needs must be conducted in accordance with the requirements of § 300.532.

§ 300.532 Evaluation procedures.

State and local educational agencies shall insure, at a minimum, that:

(a) Tests and other evaluation materials:

(1) Are provided and administered in the child's native language or other mode of communication, unless it is clearly not feasible to do so;

(2) Have been validated for the specific purpose for which they are used; and

(3) Are administered by trained personnel in conformance with the instructions provided by their producer;

(b) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient;

(c) Tests are selected and administered so as best to ensure that when a test is administered to a child with impaired sensory, manual, or speaking skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (except where those skills are the factors which the test purports to measure);

(d) No single procedure is used as the sole criterion for determining an appropriate educational program for a child; and

(e) The evaluation is made by a multidisciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of suspected disability.

(f) The child is assessed in all areas related to the suspected disability, including, where appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

§ 300.533 Placement procedures.

(a) In interpreting evaluation data and in making placement decisions, each public agency shall:

(1) Draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior;

(2) Insure that information obtained from all of these sources is documented and carefully considered;

(3) Insure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

(4) Insure that the placement decision is made in conformity with the least restrictive environment rules in §§ 300.550-300.554.

(b) If a determination is made that a child is handicapped and needs special education and related services, an individualized education program must be developed for the child in accordance with §§ 300.340-300.349 of Subpart C.

§ 300.534 Reevaluation.

Each State and local educational agency shall insure:

(a) That each handicapped child's individualized education program is reviewed in accordance with §§ 300.340-300.349 of Subpart C, and

(b) That an evaluation of the child, based on procedures which meet the requirements under § 300.532, is conducted every three years or more frequently if conditions warrant or if the child's parent or teacher requests an evaluation.

. . . . . .

ADDITIONAL PROCEDURES FOR EVALUATING SPECIFIC LEARNING DISABILITIES

§ 300.540 Additional team members.

In evaluating a child suspected of having a specific learning disability, in addition to the requirements of § 300.532, each public agency shall include on the multidisciplinary evaluation team:

(a) (1) The child's regular teacher; or

(2) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or

(3) For a child of less than school age, an individual qualified by the State educational agency to teach a child of his or her age; and

Chapter 71B.

Children with Special Needs.

§ 10. Referral by Department of Children to Any Institution Within or Without Commonwealth; Expenses of Instruction and Support.

The department may, on an annual renewal basis, upon the request of the parents or guardians and the recommendations of a local school committee and a regional branch of the division of special education, and with the approval of the secretary of educational affairs refer children requiring special education to any institution within or without the commonwealth which offers curriculum, instruction and facilities which are appropriate to the child's needs and which are approved by the department under regulations prescribed by the departments of education, mental health and public health. The curriculum at such an institution must for approval be equivalent, insofar as the department deems feasible, to the curriculum for children of comparable age and ability in the public schools of the commonwealth.

Before acting on said request the department shall determine the nature and extent of a child's special needs, shall require the local school committee and regional advisory council to prepare and submit plans detailing the time needed to establish facilities adequate for children with special needs in the city, town or school district where the child resides, and shall ascertain whether adequate facilities and instruction programs are available or when adequate facilities can be made available in the city, town or school district where the child with special needs resides. Until adequate facilities can be made available, such child shall be placed in the most adequate program available as determined by the department. The department shall further define by regulation the circumstances in which it shall be directly responsible for the placement of children in such special education programs, and by standards available to the public determine the methods and order of such placements; provided, however, that no child shall be denied access to any program operated by the department of mental health, public health or social services to which in the judgment of the operating department the child should be admitted.

The expenses of the instruction and support actually rendered or furnished to such children with special needs, including their necessary travelling expenses, whether daily or otherwise, but not exceeding ordinary and reasonable compensation therefor, may be paid by the commonwealth; but the department shall issue regulations jointly with the departments of mental health, public health, youth services and social services defining the circumstances in which the commonwealth shall bear all or part of such cost, the circumstances in which school committees shall be required to bear part or all of such cost, and the circumstances in which a parent or guardian may be required to reimburse the commonwealth for part or all of such cost; provided, however, that in no event shall the cost to the school committee for placement under this section be less than

the average per pupil cost for pupils of comparable age within the city, town or school district; and, provided further, that in determining the cost to the parent or guardian, if any, no charge shall be made for any educational cost but only for support and care. In determining the cost to the parent or guardian the department shall apply criteria which take into account relative ability to pay.

The department shall direct and supervise the education of all such children, and the commissioner of education shall state in his annual report their number, the cost of their instruction and support, the manner in which the money appropriated therefor has been expended, to what extent reimbursed and such other information as he deems important.

Nothing contained herein shall affect the continued authority of the departments of mental health and public health over all non-educational programs and all treatment for residents or patients in institutions under their control.

The Regional Branch Office may refer the matter to the Bureau of Special Education Appeals. If the showing is made, the Regional Branch Office (or the Bureau of Special Education Appeals, if the matter has been referred to it) shall within thirty days of the written statement approve an appropriate placement for the child.

The Regional Branch Office may refer the matter to the Bureau of Special Education Appeals. If the showing is made, the Regional Branch Office (or the Bureau of Special Education Appeals if the matter has been referred to it) shall, within

thirty days of the written statement, approve an appropriate placement for the child.

. . . . . .

330.0 *Evaluation: Immediate placement upon parental consent; distribution of IEP; further appeal.*

330.1 Where the IEP of a child in need of special education has been accepted by that child's parent, the child shall be placed immediately in the specified program. No child shall be placed in a special education program without parental consent, as evidenced by acceptance of an IEP.

330.2 The Administrator of Special Education shall send a copy of the accepted IEP to each person directly responsible for the objectives specified in the IEP; provided that the IEP shall not be sent to personnel other than school committee employees unless the parents consents.

. . . . . .

331.0 *Evaluation: Emergency evaluation and placement.*

An emergency placement can be made on the basis of an emergency evaluation. An emergency evaluation must include one or more assessments as described in ¶¶ 319.1 through 319.3. Such placement can be made in the following cases:

331.1 Where a child demonstrates repeated instances of dangerously assaultive or self-abusive behavior, such child shall be provided for in the following manner:

+331.1 (a) The child shall be referred immediately by the Administrator of Special Education for an evaluation which shall, with parental consent, be convened the same day, and shall recommend no later than the following day a temporary placement for such child, for a period not to exceed ten days. The school committee shall provide or arrange for the provision of such temporary placement, upon the parent's consent.

+331.1 (b) The parent shall be informed immediately of the child's behavior and shall participate if possible within the constraints of time, in the placement decision. No special education placement shall be made without the prior written consent of the child's parent.

+331.1 (c) No later than fifteen days after the decision of the evaluation, an evaluation of the child shall be completed which includes all appropriate assessments. All of the provisions of these regulations relating to evaluations shall apply, except that which establishes a thirty-day time limit for completion of such evaluations.

. . . . . .

332.0 *Evaluation: Placement upon new residence.*

332.1 Where a child's family has moved, and such child was in a special education program provided by the school committee of the former community of residence, the school committee with jurisdiction over the child's new residence, shall place the child immediately in a comparable program upon agreement between the Administrator of Special Education of the new community of residence and the child's parents.

332.2 The IEP written for the child by the school committee of the former community of residence and accepted by the

parent remains in effect until, with the consent of the parent, the school committee of the new community of residence initiates a new evaluation and a new IEP is written and accepted by the parent.

332.3 The school committee of the new community of residence shall assume financial responsibility for the child's special education program as of the actual date of the child's family's new residence, unless the school committees of the new and former communities of residence and the child's parents agree on a different date for transfer of responsibility.

332.4 Notwithstanding the preceding provisions of this paragraph, no school committee shall pay for a child's special education program in a private school that is not approved by the Division. If a school committee outside of the state placed a child in such an unapproved private school, the school committee of the child's family's new residence shall immediately place the child in a comparable approved private program (in accordance with ¶ 504.0) or public school program, with the consent of the parent, until a new IEP is written and accepted in accordance with ¶ 332.2.

. . . . . .

333.0 *Review of the child's progress: Ten-month and annual reviews.*

Each school committee shall provide for a review of the progress of each child who has been placed in a special education program. Such review of each child's progress shall be conducted within ten months after the initial placement of the child, and thereafter annually on or before the anniversary date of implementation of the IEP. Whenever possible, the review shall be scheduled near the time that there may be a change in the personnel providing the major services to the child under

the IEP, as when the child is to move from one grade or school to another. The review shall be conducted as follows:

+333.1 The Administrator of Special Education, the parents and the person(s) providing the major services to the child under the IEP shall meet and make a careful review of the child's progress based upon the progress reports submitted by the TEAM liaison under ¶ 337.1 and the observations of those working with the child. At least ten days prior to the review meeting the Administrator of Special Education shall invite, in writing, the child's parents, and where appropriate, the child, to attend and participate in the review meeting. The Administrator of Special Education or the parents may at their discretion invite other person(s) who have worked with, are working with, or will be working with the child to attend the review meeting.

+333.2 The participants in the review meeting shall determine:

333.2 (a) Whether the child has achieved the goals set forth in the IEP.

333.2 (b) Whether the child has met the criteria which indicate readiness to enter a less restrictive program as defined in ¶ 332.2.

333.2 (c) Whether the program the child is in should be specifically modified to make it more suitable to the child's needs.

333.2 (d) Whether it is desirable to refer the child for a re-evaluation. Parental consent shall be obtained prior to the re-evaluation.

+333.3 The participants in the review meeting shall write an amendment to the IEP for the child, in accordance with

¶ 335.0, within ten days after the review meeting. The amendment must specify the service provision elements, specific goal modifications, and be signed by the parent indicating approval of the amended IEP. If the review results in a more restrictive prototype, a new IEP must be prepared in accordance with ¶ 322.0. If, however, a re-evaluation of the child is scheduled in accordance with ¶¶ 333.2 (d) and 334.0, a written summary of the review meeting shall be conveyed to the parent within ten days after the review meeting. A new IEP shall be written upon completion of the re-evaluation.

. . . . . .

403.0 *Decision of the Bureau of Special Education Appeals.*

The hearing officer shall render a decision no later than twenty-five days after the completion of the hearing provided for by ¶ 402.0.

. . . . . .

409.0 *Placement of child where a placement is agreed upon or ordered.*

Notwithstanding the provisions of ¶¶ 504.1, 504.2, 504.3 or 504.4 of these regulations, whenever a placement is agreed upon, ordered, or otherwise required pursuant to the provisions of this chapter, such placement shall be made forthwith, without any unnecessary delay.
